- h. 7:15pm Proposal for FPSE Development Corporation

2. OTHER

3. ADJOURNMENT

**FOREST PARK SOUTHEAST
INFRASTRUCTURE COMMITTEE MINUTES**

October 22, 2020

6:00 P.M.

Park Central Development 4512 Manchester via Zoom Virtual Meeting

Committee Members in Attendance: Julie Birkenmaier (chair), Steve Chodes, Vince Chewing, Jes Stevens, Sonda Thompson

Others in Attendance: Ron Coleman (Neighborhood Improvement Specialist), Alayna Graham (Park Central Development)

Call to Order: Julie Birkenmaier called the meeting to order at 6:05PM.

Introductions/Public Comment: No new members or members of the public.

Budget: Ron presented the 2020 budget.

- This budget ended June 30th, 2020.
- The estimated amount for the Ward for 2021 is \$52,857.
- The committee brainstormed priorities for this year. Typically, the committee recommends spending on street paving, lighting, brick wall repairs, ADA ramps, and striping crosswalks.
- Members of the community have suggested traffic humps and a remedy for blocked views at alley intersections due to people parks too closely.

Ramps & Crosswalks: Alayna presented the map found in the PCD files from 2019-2020.

- After discussion of the map, Julie proposed any funding they have go toward crosswalks and ramps to finish the project as quickly as possible.
- Jes suggested one ramp at Chouteau and Newstead is top priority due to the park.
- Sonda motioned to request Ron ask the City for permission to paint all the crosswalks on Tower Grove between Vandeventer to Chouteau plus Newstead & Chouteau before installing ADA ramps, with the promise to install the ramps as soon as possible. Steve seconded the motion. All in favor, motion approved.

Chouteau Park: Julie presented the plans for Chouteau Park.

- The budget has already been allocated for these additions.
- There will be picnic tables, trees, trash cans, and benches added.
- The Committee will vote on location placement next month.

Member Roster/Committee Seats Available: Alayna presented the member roster spreadsheet.

- This spreadsheet was the latest information available in the PCD files.
- According to the by-laws, the Committee can have a minimum of 5 members and a maximum of 13.
- There are no specifications in the by-laws for requirements of members, but in order to have a diverse committee, there should be representation from different parts of the neighborhood.
- Alayna will reach out to the Grove CID board for applicants.
- Vince will reach out to the Neighborhood Association for applicants.

Website: Jes presented the website updates.

- Jes and Alayna are working together to update the website on PCD.

- Currently, the Zoom information for each meeting is available and a short description has been added.
- Alayna is looking through the PCD files to find previous approved meeting minutes to add.
- Vince requested that the link for the Infrastructure page be added to the “About” page for the neighborhood.

Other: Ron had a request from a resident at Oakland who wants to paint the pots at the end of the street. The committee would like to see design ideas for next meeting to make sure it fits the aesthetic of the neighborhood.

Next Meeting: The next 4th Thursday is Thanksgiving. The committee discussed meeting times and decided on the 3rd Thursday of November.

Meeting adjourned at 7:29 PM.

17th Ward - Brick Entry Marker Repair

Chouteau & S Taylor (SW Corner)
